

NIVESHAA

Trading Guide — Hindi Edition

This edition is still being finalized

Thank you for your purchase. The printed Hindi PDF for this book is being typeset and is not ready yet, so this placeholder was sent instead of the finished file.

The good news: all 50 lessons are already fully available in Hindi, right now, inside the Niveshaa app itself — just switch your language in Settings. This PDF will be replaced with the complete typeset Hindi edition automatically once it is ready, at no extra cost.
